At the outset, the Chairman, STA welcomed all those present in the meeting and emphasized the vision of the Administration to have a safe, environment friendly, sustainable and reliable road transport system in the UT.

Thereafter, the following agenda points came up for discussion in the STA:

1. GRANT OF NOC/PERMIT

The consolidated statement of applications received during the period from 11/07/2025 to 21/11/2025 for issuance of various categories of permits (route wise) is detailed as under:

S. No.	Jurisdiction applied for	Goods Permit	Contract Carriage Permit	Auto rickshaw permit (Received between 11.07.2025 and 20.11.2025)	CC Two-wheeler
1.	NORTH MIDDLE & SOUTH ANDAMAN	98 (LGV:80) (HGV: 18)	205	-	-
2.	NORTH & MIDDLE ANDAMAN	05 (LGV:05)	-	17	-
3.	SOUTH ANDAMAN	10 (LGV:10)	02	74	76
4.	LITTLE ANDAMAN	02 (LGV:01) (HGV:01)	03	-	-
5.	NICOBAR DISTRICT	10 (LGV:10)	06	01	-

6.	SWARAJ DWEET	12 (LGV:12)	136 (Fossil Fuel: 70) (EV: 34) (SHEV: 32)	-	180 (Fossil Fuel: 105) (EV: 75)
7.	SHAHEED DWEET	03 (LGV:03)	45 (Fossil Fuel: 15) (EV: 21) (SHEV: 09)	-	56 (Fossil Fuel: 10) (EV: 46)
TOTAL		140	397	92	312

It was also apprised that all the applications received from the applicants have also been scrutinized by the Committee formed in the Directorate vide Order No. 2858 dated 29/07/2022 and the members of the Committee have inspected all the documents. The Committee after inspecting the applications has certified that the applications are fulfilling all the criteria fixed by the STA for grant of permits.

STA prior to deciding on the agenda points discussed about the road traffic scenario especially in and around Sri Vijaya Puram and decided the following:

1. It is observed that unregulated parking especially on all the roads is one of the main reasons for traffic congestion in the city and other related difficulties. Commercial vehicle owners are found parking their vehicles on the road side even though parking details furnished by the permit owners are mentioned in the permit. It was therefore directed that Transport Department should prepare a note detailing the existing parking situation, norms, practices followed etc. along with suggestive measures to improve the parking pattern in consultation with traffic police. A plan in this aspect should be prepared and submitted to STA.
2. STA has been approving the request of applicants for various types of permits in different jurisdictions based on the existing practices adopted by STA. There is a need to streamline the process of issuance of permit as per the relevant rules and efforts should be made to make the process completely online. It is therefore directed to prepare SOP for issuance of all types of permits.
3. There have been instances of multiple applications by the applicants and the complete information about the total number of permits in possession of that applicant is not visible. Therefore in order to have more readily available information, a software may be developed where all applications related to permits can be uploaded and also various MIS reports about the vehicle and owner can be generated.
4. It is also observed that even though motor vehicles are in possession of PUC but few vehicles are found emitting excessive smoke while plying on the road. It is therefore directed that random checking of polluting vehicles should be carried out by Transport Department and Police

Mil

Department using mobile pollution testing equipment. Inspecting of the PUC centers shall also be undertaken to verify their performance.

Hence, **STA decided the following in respect of Agenda Point No. 1:**

1.1. CONTRACT CARRIAGE PERMITS (4-W) CABS (EXCEPT SHAHEED DWEET AND SWARAJ DWEET WHICH IS INCLUDED IN POINT NO. 8&9)

1.1.a.FOSSIL FUEL VEHICLES (CC-4W)

1.1.a.(1) NORTH, MIDDLE & SOUTH ANDAMAN (NMS ANDAMAN) (EXCEPT SHAHEED DWEET, SWARAJ DWEET AND LITTLE ANDAMAN)- NEW VEHICLES YET TO BE PURCHASED AS PER ANNEXURE-A OF THE AGENDA

STA examined **205 applications** received for grant of NOC to purchase and ply the vehicle as Contract Carriage (Cab) for the jurisdiction of North, Middle & South Andaman (Except Shaheed Dweet, Swaraj Dweet and Little Andaman).

Decision:

As the applicants fulfil the guidelines prescribed for grant of NOC of Contract Carriage Permits, **STA approved all the 205 applications mentioned in TABLE: 01 below subject to the condition that the vehicles should be BS-VI compliant:**

Decision:

 STA after examining the cases, decided not to approve the 03 applications (Already Registered vehicle, Non-BS-VI) mentioned in TABLE: 06 as these are old vehicle and not meeting the BS-VI emission norms.

1.1.d. STA examined the representation of Shri. Sekhar Rao, S/o. B. Mohan Rao, R/o. Near Tirupathi Temple, Dairy Farm, South Andaman in which it has been mentioned that he is the registered owner of the vehicle bearing registration number AN01/N-7067 (Maruti Dzire VDI, BS-IV) having route permit vide number

CC/STA/N7067/2324 dated 12/12/2018 to ply in all routes of North, Middle and South Andaman.

Shri. Sekhar Rao vide his applications dated 24/06/2025 & 18/07/2025 had requested permission for issuance of temporary permit for 6 months or permission to temporarily convert the vehicle to white board (private use) to proceed on a national-level awareness journey across various states of India to promote **“Drugs-Free India, Clean India, Nasha Mukht Bharat”**. In the said letters, the applicant had stated that the journey is expected to last for approximately 6 months starting from 26/06/2025 which is observed as the International Day against drug abuse and illicit trafficking or World Drug Day. Furthermore, the applicant stated that after completing the journey, he will return to the UT and resume his regular livelihood operations using the same vehicle under commercial use.

Accordingly, **Shri. Sekhar Rao** was advised vide letter dated 6469 dated 14/07/2025 to cancel his route permit vide number CC/STA/N7067/2324 dated 12/12/2018 for his vehicle bearing registration number AN01/N-7067 to ply in all routes of North, Middle and South Andaman and use it for his own personal use and upon completing the journey, apply for route permit again so as to use the said vehicle for commercial purposes in the UT again.

As per the advice, **Shri. Sekhar Rao** has cancelled the route permit vide Memo No. 410 dated 12/08/2025 for his vehicle and has proceeded for the said journey.

The case is placed before the STA for appraisal and re-issuance of the route permit when the vehicle owner applies for permit after bringing back the vehicle bearing registration number AN01/N-7067 (Maruti Dzire VDI, BS-IV) to this UT as before so as to enable the applicant to resume his regular livelihood operations using the same vehicle under commercial use.

Decision:

STA after examining the case ratified the action for cancellation of permit temporarily and decided to approve the request of Shri Sekhar Rao for re issuance of permit after bringing back the vehicle to the UT from Mainland.

1.2 . CONTRACT CARRIAGE PERMITS (2-W) FOR RENT A MOTORCYCLE SCHEME

1.2.a.FOSSIL FUEL TWO WHEELER (CC-2W)

1.2.a. SOUTH ANDAMAN (EXCEPT JARAWA RESERVE AREA, SHAHEED DWEEP, SWARAJ DWEEP AND LITTLE ANDAMAN)

STA was informed that 15 applicants have applied for NOCs to purchase 76 fossil fuel driven two wheelers for obtaining Contract Carriage (2-W) permits so that they can obtain license under Rent a Motorcycle Scheme.

However, to promote e-vehicles in the UT, STA in its previous meetings, decided that a maximum of only five fossil fuel driven two wheelers shall be permitted in the License under Rent a Motorcycle Scheme as the minimum number of two wheelers required to obtain the license is five two wheelers. Any additional requirement would have to be with EVs only.

As contract carriage permits are a pre-requisite to apply for license to rent out Two Wheelers under Rent a Motorcycle Scheme 1989, the applications have been considered by STA and approvals are given on case to case basis as mentioned in-the TABLE: 07 below:

Now, the firm **M/s. Karishma Tours & Travels** has requested for replacement of 05 two wheelers vehicles bearing registration nos. Therefore STA after examining all the issues put forward decided to approve the replacement of 05 two wheelers bearing registration nos. AN01/N-1907, AN01/N-5014, AN01/N-1897, AN01/N-1929 & AN01/N-4978 with new fossil fuel two wheelers after conversion of these two wheelers into non-transport category.

It is to apprise that several complaints were received by STA stating that few persons are involved in the racket of purchasing passenger Auto-rickshaw in the name of eligible persons who are in possession of Local Certificate/ Islander Identity Card and leasing out the autorickshaws to Non-Islander Auto-rickshaw drivers by manipulating the conditions prescribed by STA for obtaining NOC/ Permits of passenger Auto-rickshaw. **Therefore, STA after scrutinizing the VAHAN database, decided to suspend the Autorickshaw permits and cancel NOCs which have been obtained from STA after wilful submission of wrong information. STA, also directed the Traffic Police to conduct enforcement drive against any kind of violation of permit conditions pertaining to autorickshaw and submit fortnightly report to STA.** Aggrieved by the decision of the STA, the autorickshaw owners filed writ petitions vide No. WPA/841/2023, WPA/842/2023, WPA/844/2023, WPA/846/2023 and WPA/11/2024, the said writ petitions were taken up for hearing on 12/02/2024, wherein the Hon'ble court disposed of the above mentioned writ petitions in terms of the answers given under the 4 issues and by way of the following directions:

- i. The condition restraining transfer of Permits, or any other conditions to the same effect, cannot be seen as being outside the statutory frame work. There is no scope for interference with regard to notices issued with specific regard to the Transfer of Permits or against the person who is otherwise unauthorized to drive the autorickshaw.
- ii. There is no scope for interference with regard to conditions which formed a part of the Permits at the time of issue and are within the parameters of the MV Act, including sections 73, 74, 82 and 86 thereof.
- iii. The respondents shall not give effect to the condition/ requirement for production of Islander Identity Card/ Local Certificate since such condition is not within the statutory contemplation. This condition has also been brought into effect through Meetings without following due procedure.
- iv. The respondents shall not give effect to any condition which was imposed subsequent to the date of the grant of Permit. This would mean conditions which were not part of the Permit granted by the respondents to the petitioners. The Court finds substance in the petitioners contention that the petitioners could not have been and were indeed not aware of the additional conditions imposed by the STA through its Meetings after the initial grant of Permits.
- v. The respondents shall only impose conditions within the mandate of the sections 73 & 74 of the MV Act for grant of new Permits and shall comply with the statutory requirements including under sections 84 and 85 of MV Act, 1988. Any additional conditions, including that of production of Local Certificate/ Islander Identity Card, will

have to be put through the procedure envisaged under the MV Act and the A & N Islands M V Rules, 2006.

vi. The respondents shall be restrained from giving effect to the impugned notices including for suspension/ cancellation of Permits only if the notices were issued outside the statutory mandate of sections 82 and 86 of the MV Act.

vii. Any conditions which are imposed subsequently shall be given effect to after 4 weeks from the communication of the condition to the concerned stakeholder/s.

Challenging the part of the order dated 12.02.2024 i.e. the direction issued at Sl. No. iii and v which were against the stand of the STA i.e. production of Islander card/ Local Certificate for obtaining autorickshaw permit, the department filed an appeal before the Hon'ble High Court.

STA in its meetings dated 08/07/2024, 27/09/2024, 04/02/2025, 15/05/2025 & 11/07/2025 took note of the present status of cases pertaining to autorickshaw and directed the Transport Department to pursue the case properly.

3. DECISION ON STAGE CARRIAGE PERMIT

3.1. SELECTION CRITERIA FOR ISSUANCE OF STAGE CARRIAGE PERMITS TO PRIVATE OPERATORS

As decided by STA in its meeting dated 11.7.2025, the State Transport Authority has invited applications from private applicants for issuance of permits in the 22 routes in North & Middle Andaman. So far no applications have been received by STA. However, for selection of applicants for grant of Stage carriage Permits on these routes a selection criteria may be formulated as per the provisions mentioned in the MV Act, 1988 if multiple applications are received for a single route.

Section 71 of MV Act, 1988 (Procedure of Regional Transport Authority in considering application for stage carriage permit.) states that:

(1) A Regional Transport Authority shall, while considering an application for a stage carriage permit, have regard to the objects of this Act:

(2) A Regional Transport Authority shall refuse to grant a stage carriage permit if it appears from any time-table furnished that the provisions of this Act relating to the speed at which vehicles may be driven are likely to be contravened:

Provided that before such refusal an opportunity shall be given to the applicant to amend the time-table so as to conform to the said provisions.

(3) (a) The State Government shall, if so directed by the Central Government having regard to the number of vehicles, road conditions and other relevant matters, by notification in the Official Gazette, direct a State Transport Authority and a Regional Transport Authority to limit the number of stage carriages generally or of any specified type, as may be fixed and specified in the notification, operating on city routes in towns with a population of not less than five lakhs.

(3) (b) Where the number of stage carriages are fixed under clause (a), the Government of the State shall reserve in the State certain percentage of stage carriage permits for the scheduled castes and the scheduled tribes in the same ratio as in the case of appointments made by direct recruitment to public services in the State.

(3) (c) Where the number of stage carriages are fixed under clause (a), the Regional Transport Authority shall reserve such number of permits for the scheduled castes and the scheduled tribes as may be fixed by the State Government under sub-clause (b).

(3) (d) After reserving such number of permits as is referred to in clause (c), the Regional Transport Authority shall in considering an application have regard to the following matters, namely:

- My*
- (i) financial stability of the applicant;
 - (ii) satisfactory performance as a stage carriage operator including payment of tax if the applicant is or has been an operator of stage carriage service; and
 - (iii) such other matters as may be prescribed by the State Government:

Provided that, other conditions being equal, preference shall be given to applications for permits from

- (i) State transport undertakings;
- (ii) co-operative societies registered or deemed to have been registered under any enactment for the time being in force;
- (iii) ex-servicemen; [or]

[(iv) any other class or category of persons, as the State Government may, for reasons to be recorded in writing, consider necessary].

Accordingly, a marking scheme has been attempted with Financial Stability, Experience of the applicant, Experience of Fleet Operation and Social Category as the selection criteria and detailed as under:

S. No.	Particulars	Remarks
1.	Financial Stability:	
	a) Upto 5 Lakh	02 Points
	b) Upto 10 Lakh	04 Points
	c) Above 10 Lakh	10 Points
2.	Experience of the applicant:	
	a) Upto 2 years	02 Points
	b) More than 2 years and upto 3 years	04 Points
	c) More than 3 years and upto 4 years	06 Points
	d) More than 4 years and upto 5 years	08 Points
	e) More than 5 years	10 Points
3.	Experience of Fleet Operation:	
	a) 1 Bus	02 Points
	b) 2 Buses	04 Points
	c) 3 Buses	06 Points
	d) 4 Buses	08 Points
	e) 5 or more Buses	10 Points
4.	Social Category:	
	a) Women	05 Points
	b) Scheduled Tribe	10 Points
	c) Ex-servicemen	10 Points
	d) Co-operative Society	05 Points

However, after awarding of points, in case of a tie between the applicants, the selection be made based on the order of preference as provided in Section 71 and detailed below:

Order of Preference:

- i. State transport undertakings
- ii. Co-operative societies
- iii. Ex-servicemen
- iv. Women
- v. Others

It is further proposed that this selection criteria may be applied for selection of applicants who apply for stage carriage permits in response to invitation of applications for stage carriage permits issued by STA in other routes also.

Decision:

STA decided to examine the case in detail separately as no application has been received against the press note issued by the department in this regard.

3.2.a. The cases in respect of **fresh NOCs and change of routes** for operation of private stage carriage buses were earlier placed in the STA meeting held on 11.07.2025, wherein STA decided to place the cases before the committee constituted vide Order No. I/2359/2022 dated 03/11/2022 for its examination and recommendations. The

Committee vide Report dated 22/08/2025 & 18/11/2025 submitted its recommendations which were scrutinized again by STA.

Decision:

STA after thorough deliberation observed that there are shortage of public transport bus services on many routes in the UT as persistent demands have been received from the commuters as well as PRI members. Therefore STA decided to approve the following 34 requests for grant of NOC to obtain stage carriage permits as mentioned in table 25:

8.1.b. STRONG HYBRID ELECTRIC VEHICLES (SHEVS) (CC-4W) SHAHEED DWEEP:

STA apprised the below mentioned applications which have been received by the STA Section for grant of NOCs/ Permits to Strong Hybrid Electric Vehicles (SHEVs) for plying in all routes of **Shaheed Dweep**:

Decision:

STA observed that SHEVs appeared to be the least polluting as these vehicles ply as EVs in slower speed and lesser loaded condition and don't rely on grid power for charging of its batteries. Moreover, the batteries are charged by BS-VI IC Engine and the KMPL of SHEVs are more compared to normal ICE vehicles thereby reducing afterburn pollutants from the engine. Therefore, STA after examining the applications received for grant of NOCs to purchase and ply Strong Hybrid Electric Vehicles (SHEVs) as Contract Carriage-4W decided to rationalise the permits by allowing one permit to one applicant and approved the following 16 applications as mentioned in table 37 below:

8.1.d. FOSSIL FUEL VEHICLES (M2 & M3):

STA apprised the below mentioned applications which have been received by the STA Section for grant of NOCs/ Permits for plying **Fossil Fuel vehicles of M2 & M3 Category** in all routes of **Shaheed Dweep**:

Decision:

STA after examining the applications received for grant of NOCs to purchase and ply Fossil Fuel Vehicles as Contract Carriage observed that smaller contract carriage fossil fuel vehicles may further congest the roads. Therefore, STA decided to promote the use of M2 and M3 category of vehicles as these are larger vehicles and approve the under mentioned 12 applications as mentioned in TABLE: 39 in Shaheed Dweep as a measure to promote mass transport:

9.1.b. STRONG HYBRID ELECTRIC VEHICLES (SHEVS) (CC-4W) SWARAJ DWEET:

The below mentioned applications have been received by the STA Section for grant of NOCs/ Permits to Strong Hybrid Electric Vehicles (SHEVs) for plying in all routes of Swaraj Dweep:

Decision:

 STA observed that SHEVs appeared to be the least polluting as these vehicles ply as EVs in slower speed and lesser loaded condition and don't rely on grid power for charging of its batteries. Moreover, the batteries are charged by BS-VI IC Engine and the KMPL of SHEVs are more compared to normal ICE vehicles thereby reducing afterburn pollutants from the engine. Therefore, STA after examining the applications received for grant of NOCs to purchase and ply Strong Hybrid Electric Vehicles (SHEVs) as Contract Carriage-4W decided to rationalise the permits by allowing one permit to one applicant and approved the following 16 applications as mentioned in table 50 below:

The below mentioned applications have been received by the STA Section for grant of NOCs/ Permits for plying **Fossil Fuel vehicles of M2 & M3 Category** in all routes of **Swaraj Dweep**:

Decision:

STA observed that these five applicants have obtain training under Sarthini Scheme as an option livelihood, there request for grant of NOC/Permit to fossil fuel vehicles can not be considered at this stage as there are a number of applicants in the pending list of applications submitted for grant of CC permit in respect of Contract Carriage permit and those cases have been deffered for taking a final decision. Therefore STA decided these five applicants may be advised to take NOC for electric vehicles.

9.2. PUBLIC CARRIER PERMITS (PC-GOODS PERMIT):

The below mentioned applications have been received by the STA Section for grant of NOCs/ Permits for plying **Public Carrier (Fossil Fuel vehicles)** in all routes of **Swaraj Dweep:**

Shri. Sushil Kumar Kerketta vide his application dated 06.11.2025 has requested exemption to purchase and operate fossil fuel two wheelers instead of electric two wheelers against condemnation of his 08 fossil fuel operated two wheelers.

In the above context, it is to submit that the applicant has 24 two wheelers (moped) for hiring under RAMS License. Out of 24 mopeds, 08 two wheelers are having fitness certificate, 08 two wheelers are presently under repair in workshop and the condition of the remaining 08 two wheelers are beyond economical and he requested to grant permission for condemnation of these 08 two wheelers (AN01/E-2493, AN01/E-2499, AN01/F-4935, AN01/G-3895, AN01/H-8753, AN01/H-9029, AN01/H-8761&AN01/H-8774).

In this regard, it is to apprise that the applicant has been issued with the license No. **MT/1-21/STA LICENSE/2013/3949 dated 13.09.2013** (which expired on 04.09.2018) under RAMS with the authorization for renting 24 two wheelers. The applicant vide his application dt 18.07.2022 requested for conversion of his two wheeler bearing Regn.No. AN01H-8766 from Transport to Non Transport for personal use. While examining his request, it was observed that the RAMS License in which the said vehicle was included, has already been expired from 04.09.2018. Accordingly, a SCN was issued to the applicant and in response, the applicant represented that he had tried to condemn all the 24 vehicles but due to lockdown, he couldn't condemn the vehicles and at the same time the License under RAMS and the fitness certificate also expired and he couldn't renew the certificates due to financial and health issues.

 His case was placed in the STA meeting held on 10.04.2023 in which the STA decided to consider the case of renewal of License under RAMS by imposing penalty @Rs.1000/- per vehicle per year for delay in renewal of License. The case was earlier placed in STA meetings dated 03.11.2023 & 08.07.2024 wherein **STA approved the request of the applicant for condemnation of 08 two wheelers by replacing the existing 08 two wheelers with Electric Vehicles.** Accordingly, the decision of the STA has been intimated to the applicant.

Now, the applicant has again requested in response to our letter vide No. MT/STA/NOC/2023/9933 dated 16.11.2023 that there would be hurdle and financial stringency to procure E-vehicle considering its cost. The applicant has stated that those Hoteliers, who are renting the two wheelers, have their own charging facility at their Hotels, where their guests are staying. Such users takes the vehicle from the hotel and park the same vehicle in the same hotel and charge the two wheeler. Further, the applicant has stated that he is a shop keeper, renting two wheelers to the users and they kept the vehicle with them for 2-3 days at their respective staying places, which is far distance from my shop. Despite having his own charging facility at the shop, it is not possible for him to charge the vehicles at the staying places of users.

The applicant i.e. **Shri. Sushil Kumar Kerketta** vide his application dated 06/11/2025 has again requested permission for purchase and operation of fossil fuel two wheelers instead of electric two wheelers against condemnation of his 08 fossil fuel operated two wheelers.

Decision:

STA has been permitting only electric two wheelers as replacement against old two wheelers in the already existing two wheelers under rent a motor cycle scheme. Now it is observed that due to insufficient EV charging facility and very limited

options of electric two wheelers available in the market which is discouraging the licence holders to buy electric two wheelers and they are continuing the usage of old and polluting two wheelers. Therefore STA after examining all the aspects put forward, decided to approve the replacement of 08 two wheelers bearing registration nos. AN01/H-8773, AN01/H-8190, AN01/H-8766, AN01/H-9046, AN01/H-8776, AN01/H-8162, AN01/H-8768 & AN01/H-8778 with new fossil fuel two wheelers (BS-VI emission compliant) after condemnation of these two wheelers.

Decision:

STA has been permitting only electric two wheelers as under rent a motor cycle scheme in Shaheed Dweep & Swaraj Dweep. Now it is observed that due to insufficient EV charging facility and very limited options of electric two wheelers available in the market, applicant are showing reluctance in purchase of electric two wheeler. Therefore STA after examining all the aspects put forward, decided to approve the request for purchase of five fossil fuel two wheelers to each applicant (for swaraj Dweep application submitted upto December-2024) as being followed for Sri Vijaya Puram and other places. Details of the applicants and approval are as under.
