Letters vide no. 67 and 98 dated 25/05/2026 and 16/06/2026 respectively have been received from the Office of the Dy. Superintendent of Police (Traffic), Sri Vijaya Puram regarding suspension of route permit.

Subsequently, the suspension of route permit of the vehicle was revoked vide Order No. 324 dated 12/08/2025 subject to remittance of fine amount of Rs. 10000/- with the direction that the vehicle will neither be plied in any other route/ jurisdiction other than route specified in the permit nor violate any rule provisions as prescribed under MV Act, 1988.

The applicant has remitted the fine amount of Rs. 10000/- vide T.R. No. 0354938 dated 22/07/2025.

It is further to apprise that STA in its meeting dated 12/02/2025 had considered the cases for grant of grant of permits (04 Cases)/ change of routes (09 Cases) where the applicants had purchased and operated the vehicles in Shaheed Dweep for commercial purposes without the approval of STA by imposing prescribed penalty for operation of vehicle without permit.

Decision:

STA observed that Shri. Bikas Mistry purchased the vehicle in the year 2021 and operated the vehicle in Shaheed Dweep for commercial purposes without the approval of STA for transfer of permit along with change of route.

STA further observed that similar such cases have been granted approval by the STA in the earlier meeting by imposing prescribed penalty for operation of vehicle without permit.

Therefore, STA after examining all facts, decided to dispose-off the case and approve the request of Shri. Bikas Mistry for Transfer of Ownership and Permit along with change of route for his Contract Carriage vehicle bearing registration number AN01/J-0744.

7.10. The other pending and deferred cases pertaining to Swaraj Dweep and Shaheed Dweep are detailed in **ANNEXURE: 30** respectively:-

Decision:

STA observed that numerous applications seeking grant of NOCs and permits for various categories of commercial vehicles are being received for Swaraj Dweep and Shaheed Dweep. The number of commercial vehicles proposed through such applications is not proportionate to the available road network and parking facilities on the two islands. Though a study report was furnished by DBRAIT in 2023, it did not specify the number of commercial permits that may be issued for Swaraj Dweep and Shaheed Dweep. In the absence of a specific figure for the various categories of permits that can be considered for Swaraj Dweep and Shaheed Dweep, it is difficult to assess the number of permits that can be issued there.

Now, therefore, the STA decided to constitute a new Screening Committee under the Chairmanship of Assistant Engineer, Swaraj Dweep. The constitution of the Committee shall be as under:

- | | |
|---|------------|
| 1. Assistant Engineer, Swaraj Dweep | : Chairman |
| 2. Transport Officer, STA | : Member |
| 3. Junior Engineer/ Chargeman, Swaraj Dweep | : Member |

The Committee shall take into consideration the following factors, apart from any other relevant factors, before making its recommendations for the issuance of various types of permits:

1. Environmental sustainability with respect to the impact of vehicular pollution.
2. Traffic congestion on the existing roads due to the grant of additional permits, taking into account the existing commercial vehicles.
3. Availability and capacity of the road network to accommodate the proposed number of vehicles.
4. Availability of parking spaces for the total number of vehicles in each category.
5. Overall impact on the fragile ecosystem of the islands.

6. Existing vehicle population.
